

Updates:

- The manuscript submitted to JCC is under review.
- The team are working on a no cost extension application to The Helmsley to give the project more time to complete all objectives.
- New York will now be taking over the coordination duties.
- International meetings will continue to take place every other week. Please do attend if you are available as the core team are currently working on a proposal for future studies using the ICARUS samples already collected which will be presented at the **next meeting on Tuesday 8th November.**
- The team are currently drafting a proposal for future studies, all ideas are welcome, please send to Jack, Serre-Yu and Jean-Fred. **ICARUS have collected approximately 45,000 serum samples so far!**
- The post vaccination data is currently being cleaned, analysis will follow shortly.
- The full list of ICARUS publications and newsletter can be found on the website: [ICARUS-IBD - Study Updates \(icarusibd.org\)](https://www.icarusibd.org)

Contacts:

The ICARUS inbox will **not** be monitored after 31st October 2022.

For all ICARUS queries please email:

- Serre-Yu Wong 'serre-yu.wong@mountsinai.org'
- Jack Satsangi 'jack.satsangi@ndm.ox.ac.uk'
- Josh Lacoste 'joshua.lacoste@mountsinai.org'

For all queries regarding finance, please email:

- James Dean 'james.dean@ndm.ox.ac.uk'
- Copy in: Serre-Yu, Jack & Josh.

Thank you:

On behalf of myself and Luke Marlow, thank you for making our time with ICARUS so enjoyable.

We have thoroughly enjoyed working with you all and wish you success on all future studies.

We look forward to keeping an eye on the progress made on ICARUS!
